THE RAIL BROKE.

Fast Mail Train Hurlled Down an Embankment.

PEOPLE HORRIBLY MANGLED.

Two Killed Outright and Several Others Fatally Injured While a Still Larger Number Receive Serious Wounds—The Wreck Takes Fire, Adding Horrors to the Situation.

CRAWFORDSVILLE, Ind., Jan. 12.—The fast mail running between Louisville and Chicago on the Monon route, consisting of a mail car, an express car, three coaches and a chair car, was wrecked two miles north of here, at Nicholson crossing, yesterday afternoon. The train was rounding a sharp curve when the outer rail broke, and precipitated the cars down an embankment twenty feet high. The stove in the first coach was overturned and the car was soon destroyed, but the passengers escaped.

The next coach was torn to pieces. It was filled with people, not one of whom escaped injury. The parlor car toppled over on top of the coaches. The following, as near as can be learned, is the list of dead and injured:

The Killed.

Madam Ivan Rokey, danseuse of the City Burlesque company.

Ben Hamburg, drummer of Liebmann & Schloss, of Cincinnati.

The Injured.

Mack Royer, of the City Burlesque company, badly injured in legs and back.

Gus Rogers, same company, hurt in back.

Stella Clifton, same company, badly hurt in legs and back.

M. G. Rutledge, porter of car, face badly bruised.

Nellie Hanley, of New York, badly crushed; will die.

John Forest and William Hall, of Crawfordsville, both cut about the head.

J. N. Davidson, of Crawfordsville, head cut.

M. R. Fox, of New Albany, head and legs badly crushed.

Eugene Dyer, of Lafayette, head cut.

C. W. Lowden, of Salem, Ind., leg badly crushed.

F. C. Hoyt, head cut.

Eva Marshall, of Ellisville, side and head crushed.

Mrs. Ann Hibbs, of Wheatfield, Ind., face crushed.

Ezra H. Hibbs, left arm broken, right hand cut off.

Helen Love, of the City Burlesque company, injured internally.

G. W. Gardner, of Ladoga, Ind., back slightly injured and arm sprained.

F. Whitesides, of Frankfort, spine fractured, seriously injured.

J. J. Enright, of Chicago, knee and head hurt.

C. N. Cheek, of Greencastle, lumber merchant, right leg cut off just below the knee, will die.

Dave Malsbury, of Rome, N. Y., eye gouged out and arm and leg broken.

C. N. Cornwall, roadmaster, of Bloomington; back hurt and internally injured.

John Winchester, baggagemaster, of Louisville; back hurt.

Express Messenger Cutler, of Louisville; internally injured.

William Snyder, newsboy, of Chicago; shoulder broken.

Cora White, of Syracuse, N. Y.; slightly injured about the head.

Fannie Everett, of the City Burlesque company, internally injured; Annie Lewis, burlesquer; bruised about the head.

Melvin McKee, of Chicago, hip and back hurt.

Harry C. Bryant, of the burlesque company, head bruised and neck badly sprained.

Madge Lerner, of Pittsburg, head badly bruised.

Paul Allen, head crushed.

William Bishop, of Lafayette, brakeman, severely burned about the shoulders.

John Bills, conductor, internal injuries.

Thomas Monaco, of the opera troupe, internal injuries.

Miss Bible, of Iowa, face crushed.

Nat Berry, of Crawfordsville, internal injuries and injured about the face.

Miss Breyfogle, head and face badly bruised.

Nat Beatty, Will Smith, Dave Jones and John F. Sullivan, of this city, all bruised.

That no others were killed outright seems marvelous, as the wreck was most complete.

A large force of men was engaged in putting up ice a short distance from where the wreck occurred, and they rendered good assistance in putting out the fire and saving lives.

C. K. Cheek, of Greencastle, had a leg pulled off and was pinned beneath a pair of trucks, and it seemed, despite the efforts of the rescuers, that they could not release him before the fire, which was fast approaching, reached him. He never lost his nerve, though suffering horribly, and ordered the relief

corps to cut off both his legs if that was the only way they could release him. A block was finally procured from the engine and the unfortunate man was released just in the nick of time. He was removed to the city but can not survive.

In its leap the ladies' coach encountered a stump which penetrated the side of the car and probably caused the death of Madam Van Rokey and of Ben Hamburg, the Cincinnati drummer. The woman was found by the side of the stump, her head crushed out of all semblance to humanity. She was also disemboweled. Ben Hamburg was found lying on the stump mangled almost beyond recognition.

The train was bound north. The scene of the wreck is less than one mile from the place of the terrible freight collision of a month ago.

HOUSE RULES.

The New Ones Will Probably Be Reported the Present Week.

WASHINGTON, Jan. 12.—Speaker Crisp's condition is so far improved that his associates of the majority of the committee on rules believe he will be able to meet with them this week for the preparation of a code of rules.

Messrs. Catchings and McMillin have been, individually, studying the situation, and it may be said that the rules of the Fifty-first congress will form the basis of the new rules. These do not differ materially from those of the Fifty-first congress, except in the matter of authorizing the speaker to count a quorum and to determine whether or not a motion is dilatory. These features will probably be eliminated, but some restriction will be applied to the introduction of purely filibustering tactics to the detriment of business.

Mr. Holman, chairman of the committee on appropriations, has given members of the committee on rules notice of his intention to urge a change of the rule adopted in the Forty-eighth congress, by which the committee was deprived of the power of adding to appropriation bills any provision for the repealing or modification of a law already on the statute books. This was adopted for the purpose of shutting off political riders on appropriation bills, which gave rise to discussions that were foreign to the subject matter of the bill, although the old rule required that the proposed amendment or repeal related to a subject germane to the purpose of the bill.

It has been found, however, under the operations of this bill, that legislation looking to a retrenchment of expenses can not be made part of an appropriation bill, although the change in view is recommended by a cabinet officer or the president. For instance, the secretary of war, in his last annual report, recommends a reduction of the number of contract surgeons and of the pay department. By the rule of the last three congresses that reduction must be accomplished by an independent measure; until the reduction be thus accomplished, the appropriation committee must continue to provide for the payment of the full number required or authorized by law.

To secure the reduction recommended by an independent bill is generally recognized as a herculean, or almost impossible task. An amendment to an appropriation bill would accomplish the object much more certainly and speedily. But it is proposed to make the rule even wider in its application than the old one by removing the requirement that the proposed amendment must be germane to the subject of the bill. The reason advanced for this is that the annual indefinite appropriations now authorized by law amount to about \$125,000,000. They are under the control of no committee, and would not, therefore, be germane to the subject of any bill reported.

In that large amount, it is believed, the appropriation committee can find at least several millions of dollars that might be saved, and if the reduction could be made on one of the regular appropriation bills there would be but little difficulty in accomplishing it. How to draft a rule that will enable the committee on appropriations to carry out its policy of retrenchment, and at the same time shut off political riders, which it is admitted are undesirable, is the chief task before the committee on rules. General Catchings is of the opinion that the permanent code of rules for the Fifty-second congress may be reported to the house by the 18th inst.

REVOLT IN ARGENTINE.

The Insurgents Armed and Ready to March on Buenos Ayres.

NEW YORK, Jan. 12.—The Herald's Buenos Ayres special says: Rumors are current here that a revolt has taken place among the Seventh and Second regiments of the line. It is commonly believed that the revolt is suborned by the followers of General Reca. The government has taken measures to suppress the insurrection.

The First regiment of the line and the Third artillery have been ordered out to reinforce the Buenos Ayres garrison, and cartridges have been served to all the men, but it is feared, that despite these precautions, the insurgents are so strong that they will march from Rosario, Mendoza and La Playe, upon Buenos Ayres.

At the White House.

WASHINGTON, Jan. 12.—Secretary Blaine was at the state department a short time yesterday morning. The British minister called upon him to talk over Behring sea matters, but the secretary had left the department. Secretaries Blaine and Tracy called on the president, and the three remained in consultation some time. Secretary Blaine again called at the White House at 4 o'clock and remained some time with the president.

MORRISTOWN, Ind., Jan. 12.—Alfred S. Tucker died yesterday of pneumonia. He was one of the wealthiest citizens of Shelby county, and was formerly president of the Morristown bank.

HOUSE AND SENATE.

Doings of Both Branches of the National Legislature.

THE INTRODUCTION OF BILLS.

One Hundred and Fifty Public Measures Added to the Calendar—None of Very Great Importance—First Political Tilt in the House—Nothing of Interest in the Senate.

WASHINGTON, Jan. 12.—The rule for the introduction of bills, joint resolutions, etc., was continued by order of the house yesterday and the roll of states was again called, resulting in the addition of 150 public measures to the calendar. None of these were of importance, aside from duplicates of measures heretofore introduced. Resolutions were presented and referred providing for investigations of various objects; the principal one was introduced by Mr. Simpson, of Kansas, and asked for an investigation of the department of agriculture.

There was a little political breeze over the introduction of a resolution by Mr. Dockery, calling for a statement from the secretary of the treasury of the unexpended balances of the fiscal year ended June 30, 1891, and of the expenditures chargeable to the first half of 1892. His purpose was to get the facts in support of the statement he made in his speech last Wednesday as to the condition of the treasury, which had been challenged by other members of the committee on appropriations. The incident passed off good naturedly but attracted the attention of the whole house, being the first party controversy of the session.

In the senate a debate on the silver question grew out of Mr. Teller's resolution, in which Messrs. Teller, Stewart, Mitchell, Morgan and others took part. The introduction of bills then followed.

At 1:25 Assistant Secretary Pruden was announced with a message from the president. The senate immediately on motion of Senator Sherman, chairman of the committee on foreign relations, went into executive session, and at 2 p. m. adjourned.

JUDGE WOOD'S APPOINTMENT.

It Will Be Bitterly Opposed in the United States Senate.

WASHINGTON, Jan. 12.—Judge Wood, of Indiana, who was recently nominated for one of the new circuit judgeships, will, from all appearances, have a thorny path to travel before he receives his commission. At the first executive session of the senate this week an attempt will be made to have the confirmation of Judge Wood considered in open session. This step will be taken by Senators Voorhees and Turpie, who are opposed to this nomination.

Those making the fight against confirmation, headed by the senators from Indiana, it is said, want the whole country to hear the merits and demerits of this appointment, and with that end in view they seek as large an audience as possible. The Democrats expect assistance from the Republican side of the chamber in this matter, for, it is claimed, the appointment being judicial and not political, it will receive the most careful consideration at the hands of the senate, and the fitness of the nominee to serve on the federal bench will be passed upon without partisan prejudice. Whether the Indiana senators gain this point or not in the preliminary bout, the opposition will be kept up till the last moment and the record of Judge Wood will be assailed in executive session.

PINKERTON DETECTIVE AGENCY.

Its Charter to Be Investigated by an Act of Congress.

WASHINGTON, Jan. 12.—Representative Watson, of Georgia, has introduced in congress a resolution instructing the house committee on the judiciary to investigate the Pinkerton detective agency—to examine its charter; to inquire into its methods and purposes; to ascertain the number of armed men it maintains; upon what terms these men are used or can be employed as militia, and to report whether such organization, either in its charter or its operations, violates the constitution of the United States.

A preamble to the resolutions cities that such agency is known to exist in certain states, and is said to maintain an armed force of 35,000 men, whose purpose is to act as militia in certain states to quell disturbances between employers and employees by use of force and bloodshed. The preamble, in conclusion, says that such an organization is liable to be used for the most dangerous objects, and is a menace to the civil institutions of this country.

The Trouble All Over.

ARKALON, Kan., Jan. 12.—Dispatches from the governor have been received ordering the dismissal of the troops heretofore held in readiness for this section of the state, and indications are that there will be no further use of the soldiers. A part of the general's staff has been relieved from duty and ordered home. The court at Springfield has been opened quietly and with no more indications of trouble than would have been observed in any eastern county, whatever the future may bring forth. The troubles are over and security may be said to be restored.

Sunol Not in the Race.

NEW YORK, Jan. 12.—Mr. Robert Bonner, the owner of the mare Sunol, has received an offer from the president of the Columbia Driving Park association, of Columbia, Tenn., of \$10,000 for a race between Nancy Hanks and Sunol. Mr. Bonner informed a United Press reporter yesterday that he would not allow Sunol to race under any conditions.

INDIANAPOLIS CAR STRIKE.

The Men Still Master of the Situation and Not a Car Moving.

INDIANAPOLIS, Jan. 12.—The strike of street car employees for the right to ride free at any and all times upon presentation of the company's badges, which was inaugurated Sunday morning, still continues. A committee of the Brotherhood of Street Railway Employees is at Chicago presenting the grievances to the directors of the company, which is controlled by a Chicago syndicate.

Early yesterday morning an attempt was made to get a car out of the College avenue stables, but the strikers soon took possession of it and it had to be abandoned. The men are quiet, but defiant, and say that they will resist any attempt on the part of the company to take out cars.

Over 1,000 strikers are guarding the various stables and power houses to see that no cars are started. President Frenzel, of the street car company, yesterday morning made a speech to the strikers at the College avenue car house, in which he offered to treat with a committee of strikers provided they first returned to work and got the cars to running. This proposition was received with hisses and cries of "no," "no."

All agreements are now declared off, and President Frenzel declares that immediate steps will be taken to run the cars with new men. The police are held in readiness for any outbreak that may occur, for if any attempt is made to start a her electric or horse car, trouble is anticipated. Both President Frenzel and the strikers are maintaining their respective positions with much vigor, and the prospect for an amicable settlement is remote.

A few enterprising hackmen are doing a paying business, but as an average of 35,000 passengers ride daily this effort to satisfy the wants of traveling citizens is very unsatisfactory.

Some of the wires have been interfered with by the strikers and a constant lookout is kept by the company to prevent tampering with its property.

ALL ON ACCOUNT OF A STEER.

Serious Trouble Feared with the Tongue River Indians.

WASHINGTON, Jan. 12.—General Merritt in a telegram to the secretary of war expresses apprehension of trouble at the Tongue river agency unless matters are handled with great care. He has stepped into the breach between the Indians and the civil authorities with a view of pacifying the Indians.

The trouble originally grew out of the fact that a steer, belonging to a white man, made depredations upon an Indian's cornfield so frequently that the Indian killed the steer. The white man swore out a warrant for the Indian and placed it in the hands of the sheriff to serve. An intimation was thrown out that if the sheriff attempted to serve the warrant the Indians would come to the rescue of their countryman. At this stage of the proceeding General Merritt stepped in and so far he has been able to preserve the peace, but he is apprehensive of results and has so informed the war department.

Part of a City Sinking.

HAZELTON, Pa., Jan. 12.—One square and a half covered with buildings in the southern part of the city began sinking at 6:30 yesterday evening, and has caused the greatest alarm among the people living in that portion of the town. Over fifty families have moved out of their houses. In some places the surface has gone down three feet, and many buildings are seriously injured. Frank Pardee, the superintendent of the mine says that the danger is past.

Died of Blood Poisoning.

JEFFERSONVILLE, Ind., Jan. 12.—Frank H. Hubble, general freight agent at the Newport News and Mississippi Valley railroad, with headquarters at Louisville, died at his home in this city at noon yesterday of blood poisoning. He was ill four days and was aged sixty. Mr. Hubble for several years was connected with the freight department of the Jeffersonville, Madisonville and Indianapolis railroad.

Cyrus Field's Daughter Dead.

NEW YORK, Jan. 12.—Mrs. Grace Field Lindley, eldest daughter of Cyrus W. Field, died yesterday from cancer of the stomach. She was fifty-one years old, and leaves six children. Her husband was partner in the wrecked firm of Field, Lindley, Wiechers & Company.

Influenza in Paris.

PARIS, Jan. 12.—Eighty deaths from influenza are reported as having occurred in this city yesterday. The announcement creates considerable uneasiness, indicating, as it does, the increasing virulence of the epidemic.

Chattanooga Firms Attached.

NEW YORK, Jan. 12.—E. S. Jaffrey & Company, dry goods dealers, obtained attachments yesterday against property of Thomas C. Ervin of Chattanooga, for \$4,146.25, and Thomas C. Ervin & Company for \$4,884.25.

Boiler Explodes.

NORRISTOWN, Pa., Jan. 12.—The boiler in a pork packing factory at Bridgeport, near this place, has exploded and three persons are reported killed and several others injured.

Have Heard This Before.

LONDON, Jan. 12.—A dispatch from Rome says it is again reported there that a friendly agreement of the matters at issue between Italy and the United States is near at hand.

Three Miners Killed.

OTTAWA, Jan. 12.—By the premature explosion of a blast at Merrill's mines, in Leighton township, yesterday, three men were killed.

Boy Drowned.

CHILLICOTHE, O., Jan. 12.—General S. H. Hurst's son, Carl, aged ten, was drowned while skating on the city park lake.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

TUESDAY, JANUARY 12, 1892.

The Courier-Journal ought to get a better kodak and a more skillful artist. It gave cuts yesterday and had two of them labeled "Dr. Frazee" and "Judge Halbert." If there's the faintest resemblance in the pictures to the gentlemen named, their most intimate friends fail to see it.

The latest information from the East concerning Presidential maneuvering is that Senator Hill realizes there's no show for him and is now scheming to make Senator Gorman the Democratic nominee. All this scheming will be for naught, unless the leaders hit upon the man the "boys in the trenches" want.

The National banks in Kentucky, outside of Louisville, are complimented by Comptroller Lacy for the excellent showing they made for the last quarter. Their loans and discounts amount to over \$20,000,000, their capital stock amounts to about \$10,500,000, and they have individual deposits amounting to about \$11,500,000. In this connection we will add that none make a better showing than Maysville's.

SOME party or parties tore down and removed the sign "No Cigarette Smoking" from the postoffice Saturday night, and Postmaster Davis elsewhere in this issue offers a liberal reward for their arrest and conviction. Some of the dudes imagine they have a right to smoke cigarettes whenever and wherever they please, but Mr. Davis has taught them it can't be done in the postoffice lobby. This probably accounts for the lawlessness Saturday night.

NO ONE who knows Col. E. Polk Johnson, Public Printer and Binder, ever believed for a minute that he would take anything from the State that he was not entitled to. The committee appointed to examine his accounts as printer for the Constitutional convention have made their report. They say:

"We take pleasure in stating that we found nothing whatever to indicate the slightest disposition on the part of the Convention Printer to do anything not authorized by law. It is true there were one or two items for which the said printer's charges were rather large, as we thought. Yet the fact that said printer, as we know, rendered the convention services for which there was no compensation allowed by law or asked by him, we deemed it just that even these one or two items should not be reduced."

UNCLE SAM must be getting pretty hard up for cash. A special says: "Twelve hundred people employed at the Washington navy yard at from \$1.50 to \$5.00 a day should have been paid Saturday, but were not paid. An old member of the clerical force, who has been in the service for much more than that time, says such a thing has not occurred in thirty years. The law or rule as known to Navy Department employees is that they shall be paid their wages on or before the 10th and 25th of each month."

The pensioners now get their money in installments instead of all cash down, and now the employees of the Government who earn their living by day's work have to wait for their pay. What next? Of course the high-muck-a-mucks get their salaries cash down. No waiting on their part.

In this connection it is well to bear in mind that the Democrats turned over to Harrison's administration about \$100,000,000 surplus, but that Republican "billion dollar" Congress wasn't long in getting rid of it. They were too profligate, however, and now Uncle Sam is in straitened circumstances.

THE farmers of this State should not be slow to petition the Legislature to enact a law similar to that in Ohio wherein every dog in the State is taxed and the fund devoted to the payment of loss of sheep from the ravages of the curs. Such a law will rid us of thousands of the worthless creatures and will stimulate the farmers to engage in this the most profitable annual product of the farm.

The sheep industry in this county, from fear of dogs, amounts to almost nothing, and if such a law were passed it would be the first year after twice or thrice what it is at present. There are fully one thousand dogs in this county and the far greater part are not only worthless but cost something to feed them and in addition to this hinder a pleasant and profitable business that would place thousands of dollars in the hands of our farmers every year.—Mt. Olive Advance.

THE BULLETIN has advocated just such a law for years, but no Legislature has ever had the courage to farther such a bill. They seem to fear the owners of the worthless curs. Every dog in Maysville is now taxed, and every dog in the rest of the county ought to be taxed. Thousands and thousands of dollars have been lost by the farmers and sheep raisers of Kentucky through the depredations of dogs, and it's the duty of the State to provide some method of reimbursing the owners of the sheep for such losses. Ohio has found that the dog tax is the best plan, and it should be adopted in Kentucky.

CONVICT STATISTICS.

Facts and Figures Concerning the Penitentiary at Frankfort—The Warden's Report.

The forthcoming report of Warden Bolan, of the penitentiary at Frankfort, will give some interesting figures concerning the State's convicts. A summary of the report for the two years ending December 1, 1891, shows the following:

Total prisoners December 1, 1889.	1,127
Year to Dec. 1, 1891.	
Prisoners received.....	656
Returned from violation of parole.....	3
Escaped prisoners returned.....	27
Returned from railroad.....	110
Returned from branch penitentiary.....	2
Totals.....	791
Total.....	2,529
Prisoners discharged by expiration.....	265
Sent to branch penitentiary.....	416
Sent to railroads.....	155
Delivered to Sheriff by order of court.....	1
Escaped.....	45
Paroled.....	54
Pardoned.....	45
Died.....	40
Respired.....	1
Totals.....	837

Total number in Frankfort penitentiary Dec. 1, 1891..... 913

Of these, 51 white males, 1 white female, 44 colored males and 4 colored females are life prisoners; 19 whites males and 28 colored males are under sentence from twenty to forty years; 11 white males, 19 colored male and 1 colored female, from fifteen to twenty years, and the rest ranging from one year to fifteen years.

The counties showing the largest number of prisoners are Barren 9, Bath 8, Bell 10, Bourbon 20, Boyd 10, Boyle 10, Bullitt 9, Campbell 9, Christian 22, Clark 9, Daviess 8, Estill 9, Fayette 46, Franklin 10, Fulton 17, Graves 16, Hardin 8, Harlan 8, Henderson 27, Hickman 9, Jefferson 168, Kenton 17, Lee 8, Lincoln 8, Logan 8, Madison 21, McCracken 17, Mercer 15, Montgomery 13, Pulaski 13, Scott 15, Shelby 8, Simpson 10, Union 16, Warren 22 and Whitley 11. The calendar of crimes for which they were sent up shows that 96 committed murder, 122 manslaughter, 72 made use of pistols and knives in wounding, 19 committed rape and 27 made the attempt to do it, 167 committed various forms of burglary and house-breaking, 23 forged, 2 embezzled, 5 committed bigamy, 8 perjury, 221 grand larceny and the rest other crimes from cattle-stealing to arson.

The report also shows that 18 of the prisoners are under fifteen years of age, 186 from fifteen to twenty years of age and 290 from twenty to twenty-five years. Two are over sixty years, and the rest between twenty-five and sixty years. In the table of occupations of the prisoners previous to their confinement, the greater number, aside from laborers, were 9 barbers, 6 butchers, 9 blacksmiths, 10 carpenters, 30 cooks, 12 chair-workers, 26 farmers, 17 miners, 18 painters, 5 clerks, 5 sports, 9 teachers, 11 tobacco stemmers and 10 waiters. The other employments were numerous, but among them are found 1 artist, 2 actors, 2 book-keepers, 2 drummers, 3 merchants, 1 doctor and 1 reporter. Of the 1,214 prisoners received during the two years, 507 were temperate in their habits and 707 intemperate; 674 had no education, 529 common and 11 good education; 376 were married and 838 single.

An Enjoyable Night.

One of the brightest performances ever witnessed, says Guy Pemberton in the New York Evening Sun, is that delightful, whimsical, natural play, "She Couldn't Marry Three." It is homelike, the story most probable and interesting, causing tears of sympathy or hearty laughter. Unconsciously you are interested in Miss Kennedy's portrayal of "Bess." You laugh and cry with her as she flits like a beam of light through each act of the play. She laughs, cries, sings, dances; she's a hoyden, a trusting little fisher maiden, and no matter what she does she carries you along with her an unresisting worshipper at her shrine.

What a sturdy, massive, picturesque figure Mr. Sullivan is in the character of "Davie," the rough fisherman and heroic lover; his quiet intensity suggests the strength of the ocean. And I laugh with reminiscent pleasure as I recall that delightful, verdant, uproarious, foolish "Bob Backus" as played by Mr. Kennedy. I surrendered at once; I'm laughing yet and I advise those who deplore the fact that we have so few good plays, go see "She Couldn't Marry Three," and be happy.

GERMANTOWN FAIR.

List of the New Officers and Directors—Date of the Next Exhibition.

At the annual meeting of stockholders of the Union Agricultural Society held at Germantown last Saturday the following officers were elected for the ensuing year:

President—G. T. Reynolds.
First Vice President—S. M. Worthington.
Second Vice President—B. G. Clayton.
Third Vice President—Jno. E. Boulden.
Mason County Directors—L. H. Maunen, Chas. Calvert, A. B. McAtee, Jas. N. Kirk, Wm. P. Smoot, D. A. French, Isaac Woodward, R. C. Kirk.
Bracken County Directors—S. W. Bradford, Jas. W. Staton, J. R. Wilson, W. R. Critchfield, H. T. Lloyd, W. A. Tallafiero, T. J. Taylor.
Superintendent Grounds—J. F. Walton.
Superintendent Stock—T. F. Tyler.
Marshal—Sam Frazee.

The next fair will commence September 27th, and continue five days.

Says the Danville Advocate: "The Boyle County Board of Supervisors had under discussion during the sitting of the Board here this week the question of whether outstanding accounts due merchants and men of professions should be listed for taxation and were of the unanimous opinion that they should, but, as it has been the custom to exempt them heretofore, the Board concluded to make no change at this late date, owing to the fact that action on the subject of taxation will be taken by the Legislature before property is again listed."

It strikes us that would be carrying the question of taxation a little too far. It would be a very difficult matter to get at the value of "outstanding accounts." Such taxation would force merchants and professional men to adopt a strictly cash system of doing business.

For the Children.

Our readers will notice the advertisements in these columns of Chamberlain & Co., Des Moines, Iowa. From personal experience we can say that Chamberlain's Cough Remedy has broken up bad colds for our children and we are acquainted with many mothers in Centerville who would not be without it in the house for a good many times its cost and are recommending it every day.—Centerville (S. Weekly Review of Cincinnati Tobacco Market.

The offerings at auction for the week just closed were 2,528 hhds, classed as follows: 799 hhds Mason County (Ky.) District; 437 hhds Pendleton County (Ky.) District; 388 hhds Owen County (Ky.) District; 236 hhds Blue Grass (Ky.) District, and 688 hhds Brown County (O.) District, of which 1,347 were new, against 2,392 hhds corresponding week last year, of which 73 hhds were new.

Receipts for the week..... 1,666
Receipts same week last year..... 826

The first week of 1892 shows very large breaks, more so than for the first week of any year in this market, and the same can be said of the receipts which were heavy. This may be attributed in part to the very strong active market with high prices that prevailed for new tobacco last fall. This caused shippers and farmers who could do so to prize and ship their tobacco as soon as possible, hoping to get the highest prices, and in this way the market was overcrowded. Tuesday there was a good, firm market for both new and old. Wednesday and Thursday there was not so much activity and the market not generally satisfactory. Friday an improvement was shown, there being more spirit and holders, as a rule, satisfied with their sales. Good and fine leaf (old) was in active demand at full prices. Common and medium leaf showed a fair demand. The common and low grades were in good request and sold well. In new the greatest disappointment was in medium to good and fine leaf, which kind sold well, but not up to expectations of holders. Common leaf and low grades were in good demand. Several large buyers were not on the market as ready bidders this week, but during the coming week they, no doubt, will get started and better results may, no doubt, be looked for.

Of the 1,347 hhds (new) 112 sold from \$1 to \$3.95, 239 from \$4 to \$5.95, 284 from \$6 to \$7.95, 170 from \$8 to \$9.95, 32 from \$10 to \$14.75, 182 from \$15 to \$17.50 and 8 from \$20 to \$21.50.

Of the 1,181 hhds (old) 205 sold from \$1 to \$3.95, 290 from \$4 to \$5.95, 387 from \$6 to \$7.95, 91 from \$8 to \$9.95, 138 from \$10 to \$14.75, 55 from \$15 to \$19.75 and 15 from \$20 to \$24.22.

CLOSED ITS DOORS.

The Business of the Deposit Bank at Vanceburg to Be Wound Up.

A Disagreement as to Its Management the Cause—Its Condition on Good.

The doors of the Deposit Bank at Vanceburg were closed this morning.

This action was deemed best by the officers and directors at a meeting held at an early hour.

The closing of the bank is the result of a disagreement among the officials as to its management.

The bank's business will be wound up unless a reorganization is effected upon a basis satisfactory to all concerned.

The trouble dates back to the annual meeting of the stockholders last week. The election held then resulted as follows:

Directors—Judge Garland, Judge G. S. Wall, A. H. Parker, P. P. Parker and Robert D. Wilson. President—A. H. Parker. Vice President—Judge Garland. Cashier—T. A. Mitchell.

As is well known Mr. A. H. Parker has been in bad health for sometime, and some of the stockholders objected to his being placed in charge.

After the election, some of the dissatisfied ones drew out their deposits, and then there was some talk which caused a feeling of uneasiness among other depositors. A run on the bank was feared, and the directors thought it best under the circumstances to close the doors and wind up the business so that all creditors could share alike.

The bank's affairs are in good condition, and it will likely pay out dollar for dollar.

The bank's liabilities last Friday amounted to about \$88,540.35, and its resources were about the same, as shown by the statement below:

LIABILITIES.	
Capital stock.....	\$25,000 00
Surplus.....	2,000 00
Undivided profits.....	1,810 90
Individual deposits.....	56,709 61
Due other banks.....	3,019 84
Total.....	\$88,540 35

RESOURCES.	
Loans and discounts.....	\$70,821 00
Vanceburg bonds.....	5,556 00
Due from other banks.....	8,948 34
Overdrafts.....	500 00
Cash.....	3,555 16
Total.....	\$88,877 50

The above is not an official statement, and doesn't give the exact condition of the bank, but the difference will not vary much from the figures given.

The bank was organized three or four years ago and has been doing a good business.

PENITENT SPARKS.

He Returns and Is Received by His Family—Promises to Pay All He Owes.

Mention was made last Saturday that C. W. Sparks, Robertson County's late Sheriff, was seen in Cincinnati Friday and that he intended returning home as soon as satisfactory arrangements could be completed.

The BULLETIN'S Mt. Olivet representative writes that Sparks arrived there Sunday morning. He was received by his family. He is penitent and promises to do better for the wife and little ones whom he deserted a few months ago for the smiles of the frail Mrs. Bettys. The latter was left in New York, and if her present whereabouts are known he has not announced the fact.

Sparks' return home was soon noised abroad in the county seat of Robertson, and he received many callers during the day. He promises to pay all he owes, and the attachments levied on his property to secure his sureties will no doubt soon be withdrawn.

REFERRING to the announcement of Circuit Clerk Parry, the Sunday Morning Call says: "Mr. Parry is peculiarly fitted for the position by his experience and knowledge of the requirements of the place. He is an obliging and courteous official, and is deserving of a re-nomination and election."

GERMANTOWN LODGE No. 207, F. and A. M., has elected the following officers for this year:

W. M.—S. E. Mastin.
S. W.—L. H. Maunen.
J. W.—George Erlon.
Secretary—T. M. Dora.
Treasurer—W. C. Johnson.
S. D.—James Asbury.
J. D.—F. A. Browning.
S. and T.—S. M. Woodward.

SAYS the Frankfort Capital: "Hon. A. E. Cole, Circuit Judge of the Maysville district, was in the city last Saturday. Judge Cole is a candidate for Appellate Judge, and as the race is now made up, he will be nominated and elected. He is a man whose word is good, and may be depended upon under all circumstances, a fact of which not all candidates can boast, even though they claim to be good men and good Democrats."

Railway News.

The statement of the Louisville and Nashville Road for the six months ending December 31st last (December being estimated) shows: gross earnings, \$11,070,021; increase, \$1,035,646; expenses, \$7,063,451; increase, \$822,845; net earnings, \$4,006,570; increase, \$212,801; surplus after dividend, \$174,543; decrease, \$164,047.

The Board of Directors of the company decided to declare a semi-annual dividend of 2 1/2 per cent. payable in cash on February 4th.

An idea of the business done in Indianapolis, where seventeen main lines center, can be had from this statement: There arrived and departed at the Union Station in 1891, 43,130 trains; against 42,866 trains in 1890, against 42,204 in 1889 and 40,890 in 1888. The trains hauled in 1891 averaged five cars. The Vandilla hauls the longest trains, the average being seven and one-half cars to a train. In the foregoing statement special as well as regular trains are included. The Belt road last year transferred 736,597 cars.

HUNTING FOR GARZA.

Trouble on the Rio Grande Only Just Begun.

AUTHORITIES ON THE LOOKOUT.

Suspicious Characters Arrested and Forced in the Regular Army—A Suspicious Car Supposed to Contain Ammunition for Garza's Men—Startling Developments Expected Daily.

EAGLE PASS, Tex., Jan. 12.—Reports from Torreon confirm the news that the authorities are on the lookout for trouble. Yesterday the rurales brought in eighteen suspicious characters and took them to Chihuahua, where they will be placed in the army.

The suggestion of Minister Romero that the Mexican troops be permitted to cross to this side in pursuit of Garza revolutionists would meet with a decided protest from the border inhabitants.

The Mexican government has a law known as Ley Del Fugo, which permits guards to shoot a prisoner who attempts to escape, and this has been observed down the river on the Mexican side to such an extent that those who were thought to be in sympathy with Garza, to the number of eighty or a hundred, have fallen victims to their captors through the operation of summary law.

A SUSPICIOUS CAR.

Garza's Men Believed to Have Been Furnished Ammunition.

LAREDO, Tex., Jan. 12.—Interest in the Garza revolution has been intensified, a prisoner having taken hold of people generally, and startling developments are expected daily. It is understood that an investigation will be made of the contents of a car on the Texas Mexican road consigned to Las Angelas and marked soap. Las Angelas is a small station and has not a dozen inhabitants, therefore no one in that neighborhood had any wish for such an amount of soap.

Suspicious were aroused and it is thought that the car contains ammunition for Garza's men. As straws show which way the wind blows, it would seem that the Mexican government or parties conversant with the situation think developments of a startling nature will soon transpire in the heart of the republic. There is evidently something wrong somewhere or Garza's handful of men would have been annihilated long ago.

GROWING GLOOMY.

The Strike Growing Serious Along the Aransas Pass Railroad.

SAN ANTONIO, Tex., Jan. 12.—The strike situation looks gloomier than ever. The failure of the conference between the management of the Aransas Pass railroad and the representatives of strikers to accomplish satisfactory results has tended to widen the breach, and the belief is general here that if in forty-eight hours some agreement is not reached the employees of the other roads centering here, who pledged the strikers support, will tie up those roads rather than handle coal or freight of the Aransas Pass.

The situation is gradually tending toward that point where either war or peace must prevail. The railways centering here have notified their employees that under the law railway companies are compelled to handle each other's business, and the employees have notified the company that they will not handle the Aransas Pass supplies or freight. The Federation committee from Yoakim are expected here this morning, and will, on arrival, meet representatives of several principal organizations represented in the federation.

AN ELEPHANT'S SPREE.

Two Horses and a Dog Killed and a Building Demolished.

PERU, Ind., Jan. 12.—Diamond, a ponderous elephant in winter quarters two miles east of this city, got on a terrible rampage and in a short time did a great deal of damage to the building in which he was confined, besides killing two horses and a valuable dog.

He had been unruly for some time, but yesterday, while no one was about managed in some way to slip his chains. The first object of his wrath was a bulldog, which he sent flying through a sky-light sixty feet away. Then he ran his tusks into the body of a horse that like the dog, had been a constant companion of the elephant for five years, and careered around the inclosure with the poor brute writhing but unable to free itself.

Then he threw the horse across the room and tore his way into another room, where he killed another horse. The noise, which could be heard for two miles, finally attracted his keeper, who, with the assistance of about fifteen employees, drove him back to his corner, where they chained him.

Banks Escaped.

THORNTOWN, Ind., Jan. 12.—Secretary Navin, of the Indiana Bankers' association, reports that the warning sent out by the Birmingham (Ala.) banks that forged checks on the State Bank of Alabama, purporting to be certified to, had turned up, served its purpose in putting Indiana banks on the alert. None of the Indiana banks has suffered. Mr. Navin regards this incident alone as demonstrating the need of a bankers' association, far by this means warning of fraudulent transactions like the above can be quickly sent from point to point.

Strangled Her Baby.

MILWAUKEE, Jan. 12.—A post-mortem examination of the body of Jennie Seipe's new born babe, which was found in a vault on Warren avenue on Saturday, has proven conclusively that the baby was strangled to death by its mother soon after it was born. Jennie will be arrested as soon as her condition will permit.

Strike Averted.

NEW HAVEN, Jan. 12.—The threatened strike of firemen on the New York and New Haven railroad is averted, the men accepting the company's proposition.

ACTOR CURTIS INNOCENT.

His Attorney Claims a Conspiracy on the Part of the San Francisco Police.

SAN FRANCISCO, Jan. 12.—The trial of M. B. Curtis, the actor, charged with the murder of Policeman Alex Grant, will be begun in the superior court this week. A startling rumor was afloat yesterday that Curtis was not only innocent of the crime with which he is charged, but is the victim of a police conspiracy.

George A. Knight, counsel for Curtis, said: "The case of Mr. Curtis is simply one of conspiracy and persecutions by the police department. Curtis is an innocent man, and we will have no difficulty in securing for him a triumphant acquittal. We will prove at the trial that there were two men with Policeman Grant on the night of the crime. Both men were under arrest, and a policeman had the nippers on the wrists of both. One of them was M. B. Curtis. The other unknown prisoner was the man that fired the shot that killed Grant. We will prove that Captain Lees, of the detective force, was in full possession of the these facts early the next morning."

Our witnesses for the defense will not only prove that but will also prove that they notified the police of the facts and the police failed to act upon the information received. Curtis maintained from the first that he never shot Grant. For a long time we thought we would maintain for the defense that Curtis did the shooting, as he might make stronger defense for the reason that Grant was not in uniform, did not have a policeman's star, and was in a locality where footpads were numerous. But we have since discovered the evidence I speak of, and now have a clear case of conspiracy against the police. The police allowed the guilty man to escape, and having a dead man on their hands thought they could fix this terrible crime on poor Curtis and that the facts would never come out."

Anarchists' Cases Postponed.

WASHINGTON, Jan. 12.—The appeal from the decision of the federal court in Chicago denying the application for the release of Fielden and Schwab, the Chicago anarchists now confined in Joliet prison for participation in the Haymarket tragedy, was set for hearing in the United States supreme court yesterday, and when it was called Attorney General Hunt, of Illinois, appearing for the state, asked for its postponement until next week. General Butler stated that he had no objection to a postponement and the court granted Mr. Hunt's request.

A Girl as a Building Burner.

COLUMBUS, Wis., Jan. 12.—Lydia A. Walker, aged seventeen years, of Catons, was discovered on Saturday in the act of setting fire to a barn. She attempted to run away, and when her pursuer had nearly overtaken her she drew a large butcher knife and threatened to kill him. She was knocked down with a club and taken to the village, where she was locked up. Subsequently she was taken to the Juneau jail, where she made a confession in which she says that during the past three months she has burned a school house and several other buildings, and mutilated valuable live stock.

Quarrel Between Sailors.

LEWES, Del., Jan. 12.—The schooner A. P. Avery, from New York, bound to Savannah, arrived at the breakwater yesterday. The captain reports a fracas between Isaac Cross, steward of the Pirate, and Martine, one of the crew. Martine and Cross quarreled about the grub, when Martine approached the steward who was in the gallery, threatening with an iron belaying pin, and was shot by the steward in the breast, inflicting a severe, though not dangerous wound. Martine was landed here last evening and is at the marine hospital.

The Mine Will Be Flooded.

WILKESBARRE, Pa., Jan. 12.—The application of the Lehigh and Wilkesbarre Coal company for an injunction to restrain the Delaware and Hudson Canal company from flooding the Cunningham mine, which has been on fire for the past six months, was denied yesterday by Judge Rice of the Luzerne county court. The plaintiffs claimed that the weight of the water would break the pillars between the two workings and destroy the mine.

Child Struck by an Engine.

INDIANAPOLIS, Jan. 12.—Shortly before 8 o'clock yesterday morning a Bee line engine struck Clay Adair, a seven-year-old boy, and fatally injured him. The accident occurred on the Pendleton road, about three squares above the Massachusetts Avenue depot. Kregelo's ambulance took the child home, to 75 Louise street.

Found Dead in Bed.

MUNCIE, Ind., Jan. 12.—Yesterday morning, at Redkey, Jay county, P. I. Paxen, a shoe merchant, was found dead in bed. Supposed heart disease. He recently moved from this city to Redkey.
